Benson's
THE JUICERS

Locally produced in Gloucestershire. From humble roots to apple trees, the Benson Family have always had the mission that make people feel good; the kind of good that comes from leading happier, healthier lives. That's why the line of Benson's products never use concentrates, and only pick the best natural ingredients for their products.

The Hobbs family have been farming in Elmore near Gloucester for 46 years. They supply our local dairy, Cotteswold Dairy, in Tewkesbury where three generations of the same family have been processing milk. They believe that their cows are healthier and happier outside – they can express themselves naturally just as nature intended and enjoy fresh grass at its finest. “Our ethos at the farm is happy cows = quality milk”
